License to Parent airs on over 300 terrestrial radio stations across the United States & around the world, online via licensetoparent.org, podcasts, and many other Internet stations.

THE MIRACLES OF SHEPHERD'S HILL

Forsaking home and all that was familiar to pursue a divinely inspired vision, Trace and Beth Embry knew only that God was calling them out of their comfort zone and into the great unknown of a life of radical faith. This is the true account of one family's journey to unfamiliar territory where, with **only two hundred dollars and a handshake**, they would be launched into a more than thirty-year odyssey of miraculous events and struggles that defied all odds. Out of this odyssey, a globally recognized healing work to troubled teens and families was birthed—Shepherd's Hill Academy.

TRACE EMBRY

Background in Law Enforcement, Auto Racing, Entrepreneurship, and Christian Education. Trace speaks at Major Conferences, Media Events, Civic Organizations, and Churches. He produces Parent Help Videos, writes Parenting Articles, contributes to Books, and instructs Parenting Seminars specializing in **Tech's Effect on Families**.

His work and voice through Shepherd's Hill Academy & License to Parent have impacted untold numbers of teens and their families around the world.

Trace speaks extensively on:

- Wise parenting in today's tech world--the ethics/the science
- How algorithm culture is harming families & mental health
- The healing power of faith in God and how to flourish in it
- How to help kids break free from tech and other addictions
- Miracles still happen today--literally
- Returning emotional & spiritual health to troubled teens/families
- The brain & soul-cleansing effect of living a year in the woods
